

Joint HUD and AFGE Message on WMATA SafeTrack

OCHCO

Wed 6/8/2016 11:15 AM

Fellow Employees,

The WMATA SafeTrack initiative will impact many employees' commute for parts of the next year. AFGE Local 476 and HUD management have collaborated to bring you many flexibilities during this time. Information is being posted regularly and an email box has been established for employee concerns, (HUDSafeTrackCommuterConcerns@hud.gov). Please plan ahead and consult with your supervisor about telework, adjusted work schedules, leave and options for changing modes of transportation. Together we can strive to minimize the disruption to employees while still delivering on the HUD mission!

Ashaki Robinson Johns, PhD
President
Officer
AFGE Local 476
